

Privacy statement regarding the research project ‘Competencies for the specialist in gifted education.’

For this research project, we use the personal data you submit. These data will only be used to get a detailed perspective on the professional background of the respondents. We need this information to place the responses of what stakeholders find important for the competencies of the specialist in gifted education in a proper professional context.

Your data will not be used in any other context than this research. That means that we will not use your data for marketing et cetera.

What data do we use and why do we use this data?

- If you want to participate, you provide your email address. We use this to match every response to the list with the signed letter of consent. That way we make sure that we will only use the data of the people who gave their consent for their participation. We will not use your email address to contact you in any other way.
- If you participate, we ask you some questions about your (professional) background. We would like to know how you are involved in education, if you have had specific training to educate gifted or more able students and if the school you are involved with has a clear school policy on educating their gifted and more able students.

Data protection

- At Slim! Educatief we make sure that your data is protected. For this project that means that only our two researchers Dr C. M. Fugate and Drs. E.W.J.M. van Gerven have access to your data.
- We do not sell or share your data to any other party. We do not provide personal data to third parties, including employers, family members et cetera.
- Our website contains links to video's made for this research project but published via YouTube. Our privacy policy does only apply to the website of Slim! Educatief. When you use the links to these video's, you have to read their privacy policy to ensure that you are fully informed and aware of their privacy policy.
